Subject: Approval of the Netherlands policy for the digital and smart tachographs V1.2

Dear Mr. Ferry van Wijnen,

We confirm the receipt of the following document, registered as document Ares(2025)1548708 – 26/02/2025 sent on 24/02/2025:

*The Netherlands' Member State Authority (NL-MSA) Certificate Policy  
for the Digital Tachograph and Smart Tachograph systems  
Version 1.2 - February 19th, 2025 - Final*

hereafter referred as NL-A Policy.

The document has received a successful review for conformity with the requirements of the "Smart Tachograph European Root Certificate Policy and Symmetric Key Infrastructure Policy Version 1.0" and of the "Digital Tachograph System European Root Policy Version 2.1".

The NL-A policy is hereby approved. As consequence, ERCA is ready to provide services for the Digital and Smart Tachographs to the entities operating under the NL-A Policy.

Yours sincerely,

Michel Chiamello
